In His Majesty's name the Honourable the Lieutenant-Governor doth assent to these Bills.

His Honour was then pleased to deliver the following gracious speech:

Before proroguing this session of the Twenty-second Legislature of the Province of Ontario, it is fitting that I should make some reference to the extent and variety of the legislation which has engaged your attention during the sittings in March and April, and again in this month. I am pleased also to refer to the faithful and conscientious manner in which you have dealt with these matters, and to thank you for the services which you have rendered in this way to the welfare and progress of our great Province.

It would not be possible, nor desirable, at this time to review the statutory provisions which result from the consideration and disposition, during this session, of no less than one hundred and seventy-one bills—public and private. Viewing your work as a whole it is evident that this Province is enjoying a period of prosperity and of unusual growth and expansion, and that in consequence you have had to deal with problems which result from growth and would not arise in a static society.

On the one hand you have maintained the proper relationships of a sound federal system, and in so doing have been able to provide the public revenues required by our expanding Provincial economy.

On the other hand in matters of Provincial concern you have provided for, and extended, the services which are directed to the assistance and encouragement of the many forms of business activities, by which our resources are turned to use and our production maintained at satisfactory levels; and in the sphere of social and individual well-being you have made many advances in education, health, welfare and kindred services.

I note with satisfaction a measure to protect the business records of individuals, partnerships and companies from removal beyond the jurisdiction of the Province, in compliance with the improper attempts of outside courts or authorities, having no jurisdiction in Ontario, to obtain possession of such records.

Although not a subject of legislation, I should like to commend you for the lead which was given during the session to the assistance, by individual and voluntary contribution of clothing and food given to the people in Great Britain who were most seriously affected this year by floods and inclement weather. The results of this campaign show the deep sympathy this misfortune has aroused in the people of Ontario.

This sympathy brings to our minds the very practical assistance which has also been given to the people of Great Britain who wish to make their future homes in Ontario. As is well known, the Government has stimulated this movement by providing Trans-Atlantic air transport at reduced rates, and in consequence has brought here, to enrich our Province, some thousands of young men and women, selected with a view, both to the many fields of employment which are now open, as well as to the housing conditions which prevail in Ontario as in other parts of the Dominion.

As I have said, satisfactory financial provisions have been made for carrying on the affairs of the Province for another year. In concluding may I thank you for these provisions as well as for your services as legislators. It is my hope and confidence that under the guidance of Divine Providence the legislation which you have enacted at this session and the consequences which will flow therefrom, will be of lasting benefit to the people of this Province.

The Provincial Secretary then said:

Mr. Speaker and Gentlemen

of the Legislative Assembly:

It is the will and pleasure of The Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

ALEX. C. LEWIS, K.C.,
Clerk of the Legislative Assembly of Ontario.

New.
Rationing of Power.
Made—4th November, 1947.
Approved—6th November, 1947.
Filed—7th November, 1947, 10.20 a.m.

WHEREAS the requirements of war production and the scarcity of materials since have restricted the construction of electric power developments;

AND WHEREAS the demand upon the Commission for electric power is substantially in excess of its electric power resources, and the Commission is of the opinion that a state of emergency exists and has so declared;

NOW THEREFORE the Commission makes the following regulations:

REGULATIONS MADE BY THE COMMISSION UNDER THE POWER COMMISSION ACT
